The Pine Orchard Yacht and Country Club (POYCC) representatives Nicholas Torello, Jr and Christopher Godwin (general manager) presented their plan for a temporary maintenance storage building on the property which currently abuts the POYCC golf course and private residential property. Currently, the site of the proposed building has what is locally known as "the old post office " on it and is situated on Pine Orchard Road.

Thomas Roche asked if the building's height conformed to the POA height restriction for accessory structures of 15'. Nick Torello answered that currently the plan presented does not- with a current height of 16'5".

Discussion continued, with the POA asking POYCC to submit amended plans for a structure which meets the accessory building height restrictions of 15".
